Dear Crystal Lake Families,

It is with much enthusiasm that we begin the 2022-2023 school year. All of our classroom assignments and teachers are in place. Our highly qualified teaching staff is ready to meet the diverse needs of all students. They have been busy preparing a rigorous standards based curriculum to further promote student achievement and academic opportunities.

To kick-off the new school year, our staff has planned several Parent Curriculum Nights. Your attendance at these meetings is crucial. Teachers will provide you with an intense overview of the upcoming year as it pertains to curriculum, expectations, standards and procedures. This event is for parents only. The importance of this parent night cannot be underestimated.

Additional information regarding school activities and events will be forthcoming in our newsletter. Croc Talk, the official Newsletter of Crystal Lake Elementary is published monthly.

In summary, we look forward to another positive year here at Crystal Lake. With continued teamwork and synergy, the Crystal Lake legacy of success will continue.
